About the Program

This experience will inspire you to bring out your inner child and explore gratitude, dreams, friendship, abundance, joy and more! Join people from around the globe and your two facilitators, Kristy Lund and Lynne Bernstein, for a week-long program that is full of thought-provoking prompts and engaging creative challenges, bookended by two 2-hour interactive workshops.

This program is designed for you to cultivate community and hope during uncertain times. We will kick off the week with a Zoom workshop, and from there, you are taken on a guided journey within a private online community where you will share and engage throughout the week. At the end, we will celebrate by coming back together to explore our insights and inspirations.

No special skills or supplies needed.
